

CJ Gebhardt

For Resolutions Committee

My name is CJ Gebhardt and I am a Senior at the University of Utah, majoring in Elementary Education. I start student teaching in the Spring 2019 Semester.

I have been a member of UEA-SP for three years. A year ago, I got an email to sign-up to be a delegate for HoD. From there, it has been a whirl-wind adventure with the UEA-SP. I am the co-chair of the Student Program Task Force, I was the first student from Utah sent to NEA Leadership Summit, I was able to meet junior/high school students at the Latinos in Action conference and talk to them about being teachers. My

biggest accomplishment so far within the Association is being able to run 4 bills at our HoD this year. Three of them are name changes and the other one is about how student members finally get to set up bylaws and elect a president and board members.

I want to be a voice for Aspiring Educators around the country and I also want to have my UEA student members proud to have me involved in the association. I am here to make a difference, and that's exactly what I will do.
