We know the Every Student Succeeds Act (ESSA) is the education law of the land, but is it working for educators, students, and communities in your school and district? This session will enhance your knowledge of ESSA as it relates to ESP careers and empower you to be a voice for how the new education law is implemented in your state and district.

Webinar participants will gain a better understanding of ESSA and how it impacts you as an ESP. Presenters will encourage and enhance participant’s ability to strengthen and unite all educators and students around ESSA. Participants will be empowered to use ESSA to advocate for strong communities, while empowering fellow coworkers and students to be successful.
