

Projected FY 2010 Education Jobs Fund Allocations

U.S. Department of Education analysis, 8/6/2010

State	Projected Allocation	Estimated Jobs Funded	Notes
Alabama	149,539,554	2,700	<p>Based on analysis from the Council of Economic Advisors of projected State budget shortfalls for FY 2011, we estimated that as many as 100,000 to 300,000 education jobs could be at risk across the country in the upcoming school year.</p> <p>We know States and districts are working hard to find ways to minimize job losses and keep cuts away from classrooms, but some are making cuts that we know will have an impact on kids.</p> <p>Furlough days, cutting after school programs, and cutting or reducing summer school are some of the tough choices being made when we know we need to be expanding learning time.</p> <p>We also know these job losses would ripple through the wider economy and undercut ongoing efforts to create jobs.</p>
