Why Leadership?

1. Choose one of the quotes at your table that resonates with you.
2. Share your quote with your table group and the reason why you connected with that particular quote.
3. Use these quotes to ignite a discussion about why educator leadership is essential to moving our profession forward (globally, in your district, etc.).
“Teachers are often the only ones who can see both their students and a given problem clearly enough to imagine a solution.”

Ariel Sacks

“Shared leadership is a powerful path to school improvement because it generates ownership of school-wide student outcomes.”

Terry Wilhelm

“If we want talented teachers to continue teaching, the profession must enable teachers to improve the system while remaining in the classroom.”

Celine Coggins and PK Diffenbaugh

“The wisest leaders may do less leading as they create space around them for others to develop and grow.”

Anthony Cody

“Without teacher and union leadership, test-based accountability systems will dominate and continue to narrow the learning process.”

Arthur E. Wise and Michael D. Usdan
