NEA ASPIRING EDUCATORS AWARDS INFORMATION

The NEA Aspiring Educators Core Values – Educator Quality, Community Engagement, Political Action, and Social Justice – are the underlying areas of focus that direct Aspiring Educators activities. It is in these areas that our members and affiliates sponsor programs, educate on issues, and affect change.

**Educator Quality** encompasses pre-professional development and job preparation. At local meetings and workshops, state conferences, and national symposiums, our members encounter professional development opportunities: guest speakers on classroom management, experts on testing and practitioners sharing tips on smoothly running science labs. Job preparation comes in the form of resume workshops, portfolio tutorials, mock interviews and new teacher panels. Aspiring Educators publications and websites share *educator quality* information relevant to our members, including certification requirements and resources for working with special needs children. Aspiring Educator members and chapters partner with Local Associations to enhance in-the-classroom opportunities and secure “real world” insights into the education profession. Aspiring Educators shape their college curriculum by serving as change-agents on boards and committees. Our members’ involvement in the NEA Aspiring Educators increases their ability to become quality teachers.

**Community Engagement** describes how NEA Aspiring Educators members engage the people and environment around them; we impact our communities – locally and globally – and value the mutual relationship which prepares us to support our Aspiring Educators through the communities which support them. Our members learn about communicating with parents, partner with local businesses, and find grant support through Chamber of Commerce consortiums. We design and implement projects as diverse as after-school tutoring programs, learning carnivals, and Senior Citizen dances. New teachers who are NEA Aspiring Educators Alumni are more successful in helping their Aspiring Educators achieve because they know how reaching out to the community provides them access to material and human resources. Further, getting involved in local communities means supporting our Aspiring Educators through their homes, through the people and businesses which they interact, and preparing ourselves to be community leaders as educators.

**Political Action** includes the knowledge, advocacy, and action around political and legislative issues which impact public education. We celebrate issue awareness around vouchers and charter schools, state-mandated certification issues, and new teacher rights. We share information with peers, family and community around how legislative decision making impact our communities, schools, classrooms, and Aspiring Educators. We sponsor voter registrations, get-out-the-vote activities, contact elected officials, help elect pro-public education officials, and lobby our local, state and national legislators. By educating each other, organizing activities and publicizing our involvement, we are making an impact in education politics.

**Social Justice** refers to a concept in which unequal opportunities are brought to light and equitable opportunities are sought after for groups which have been systematically oppressed, restricted, and discriminated for a more just society. The NEA Aspiring Educators has taken a charge on tackling the immense occurrence of social justice and institutional racism to create awareness and promote activism around the issue. The NEA Aspiring Educators recognizes Aspiring Educator Chapters that have achieved excellence throughout the year by providing members with leadership and development opportunities. Social Justice action and advocacy is a priority of the National Education Association and chapters which have shown knowledge and awareness, advocacy, and action around this priority will be recognized.

Best Practices for NEA Aspiring Educators Awards Submissions

A Note from the Advisory Committee of Aspiring Educators

When working on your application, it would be helpful to remember the following:

- Make sure you include our core values, Educator Quality, Community Engagement, Political Action, and Social Justice!
  - This is a celebration of the incredible work we are doing within our chapters and states, now is the time to celebrate and show off.
  - Show us how YOUR chapter or state exemplifies the NEA Aspiring Educators spirit!
- The National Education Association Advisory Committee of Aspiring Educators Members (ACAE) will be judging all of the award submissions (listed on page two).
  - This is a dedicated group of YOUR peers, selected by the NEA Aspiring Educators Chair, to represent our voice as Aspiring Educators on a national level.
  - These Aspiring Educators represent all regions, backgrounds, and content in the field of education.
  - No personal relationships will impact the grading criteria or selection applicants.
- Show us your creative side!
  - As educators, we know that all Aspiring Educators learn differently. Show us how you differentiate!
  - We cannot wait to see what you come up with, and share it with Aspiring Educators from across the country!
  - All award applications will be featured on the NEA Aspiring Educators Website to inspire and assist growing chapters and states around incredible projects and events other members are doing across the country!
- Remember that this all will be shared – please make sure you edit your work!
- Each award MUST be submitted as one package via email by May 15, 2019. No exceptions!
  - An award application will not be considered if the package is incomplete.
- When applying for the Local or State Excellence Award, be sure to consider submitting the separate core values work to each specific category
  - You will build stronger applications when you build off what you already have

The 2018-2019 Advisory Committee of Aspiring Educators cannot wait to see what our amazing peers are doing across the country to strengthen and grow ourselves, our schools, communities, and the National Education Association Aspiring Educators in your state!
The NEA Aspiring Educators New Local Chapter Recognition is designed to highlight the effort and dedication that comprise the organization of a new local Aspiring Educators chapter.

The specific guidelines of new chapter status vary by state. Therefore, the NEA Aspiring Educators Program will recognize new chapters that have been recognized by their state Aspiring Educators as being initiated during the current awards year. NOTE: This does not include chapters that are “revitalized.”

States will be recognized as Bronze (One new chapter), Silver (Two new chapters), Gold (Three new chapters), and Platinum (Four or more new chapters) status and awarded for their efforts to increase membership.

Local Excellence in Social Justice Award

The NEA Aspiring Educators Local Excellence Award recognizes Local Aspiring Educator Chapters that have achieved excellence throughout the year by providing members with leadership and development opportunities. Social Justice action and advocacy is a priority of the National Education Association and chapters which have shown knowledge and awareness, advocacy, and action around this priority will be recognized.

Applications are meant to be a collection of materials and examples reflecting the areas listed below from events throughout the year. Materials should be organized in online/digital/multimedia formats. Material may include items such as meeting agendas and synopses, brief descriptions of community projects and related publicity, event depictions of Social Justice related activities and impact statements. Brief descriptions, explanations, and reflections are valuable to the judging committee.

Please include a 1-2 page essay. In this essay, please answer all of the following questions. Alternately, creatively display and exemplify these questions through your digital project.

Organization and Infrastructure
- How did your chapter recruit a diverse membership (people of color, gender, sex, elementary-secondary, traditional-nontraditional Aspiring Educator status, class standing, etc…)?
- How would your chapter define Social Justice?
- How has your chapter recruited members through your Social Justice activities?

Educator Quality
- How does your chapter exemplify the importance of Social Justice in public education?
- How has the Social Justice Activities you offer have helped better prepare your Aspiring Educator members for the classroom?

Community Engagement
- What has your chapter done to engage around issues impacting the community?
- How has your chapter partnered with other organizations around Social Justice?

Political Action
- What Social Justice knowledge, advocacy, and action opportunities has your chapter provided?
