Can you unscramble these words about recycling?

ssGal
rseTe
teBlsoť
Rseue
avSe
repaP

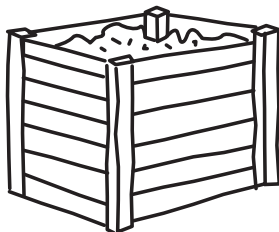

ANSWER KEY:

Glass, Trees, Bottles,
Reuse, Save, Paper

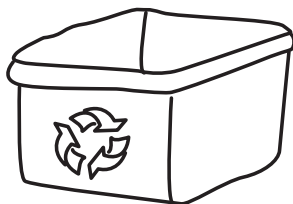

Recycling and Composting!

Draw a line from the object on the left to either the recycling bin or the compost bin depending on where you think it should go!

Compost Bin

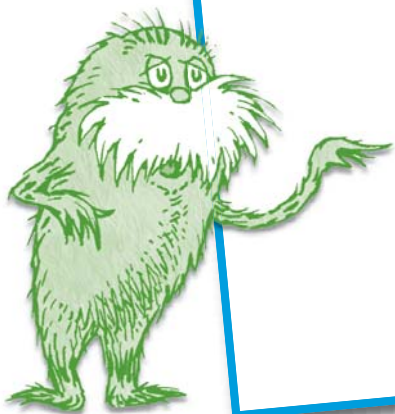

Recycling Bin

**FACT: MANY PEOPLE
USE COMPOST SOIL
FOR PLANTING.**

Poster Creation!

Create a poster about how important it is to recycle and protect the environment.

Track My Tread Journal!

Use these two pages to write down all the ways you've helped the environment! You can also write any new ideas you have for helping keep our planet green.

Ways I've helped the environment:

1.

2.

3.

4.

5.

New ideas to help save our planet!

1.

2.

3.

4.

5.

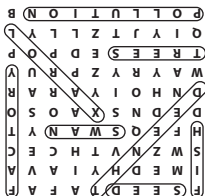

The Lorax Word Search!

Find the words listed below.
Look down, across, and diagonally.

- FISH
- SEED
- THNEED
- SWAN
- TREES
- POLLUTION
- LORAX
- FACTORY

F	S	E	E	D	T	A	F	A	F

P	O	L	L	U	T	I	O	N	B

ANSWER KEY:

Coloring Page!

Color in the picture of the Lorax as he warns the Once-ler of the results of pollution!

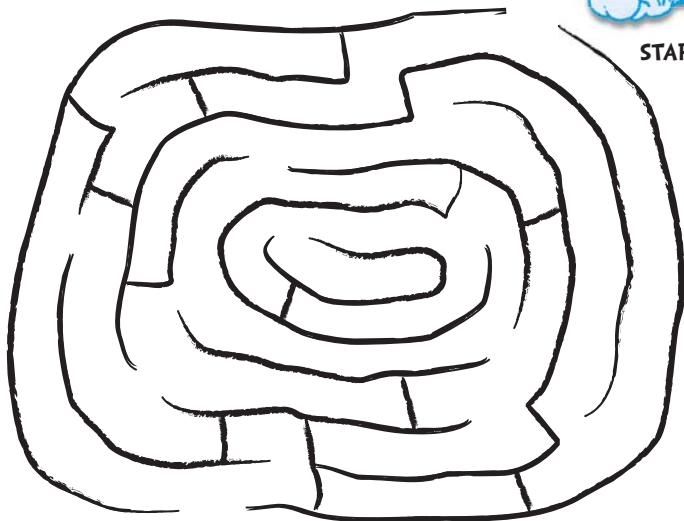

With the help of the Lorax the Humming-Fish pond is no longer polluted!

Help the Humming-Fish find
his way back to the pond.

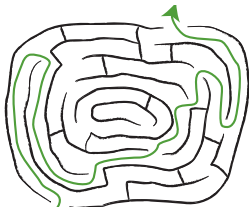

START

HUMMING FISH
POND

ANSWER KEY:

Pollution!

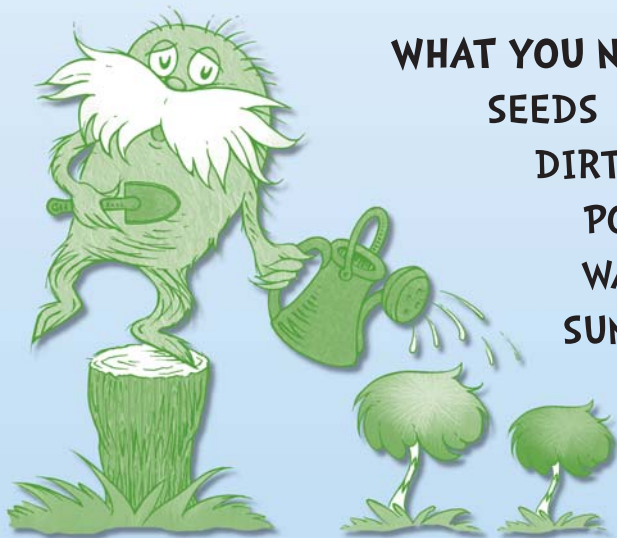

In **THE LORAX**, the Once-ler had Gluppity-Glupp and Schloppity-Schloop polluting the environment. Can you list some of the effects this had on the world? What effects do pollutants have on our world?

The **LORAX** Dr. Seuss

Grow Your Own Plant!

You too can show that you care about the environment. Ask an adult to help you purchase seeds and follow the instructions on the packet. Take care of your plant and it will grow, helping the environment by releasing oxygen, which humans breathe.

WHAT YOU NEED:

SEEDS

DIRT

POT

WATER

SUNNY SPOT
