

# Trump/DeVos Budget Plan:

## Less for Public Schools, More for Private School Vouchers

The Trump/DeVos fiscal year 2018 budget request for the Education Department includes the elimination of a new grant program under the Every Student Succeeds Act, and harmful cuts to two other formula-allocated state grant programs, partly to pay for private school vouchers. The three programs are: Student Support and Academic Enrichment Grants (ESEA IV-A-1), Career and Technical Education State Grants (CTEA Title I), and Adult Education (AEFLA). The accompanying table illustrates the loss in federal dollars based on current funding levels by state. The White House says its intent is to create a leaner, more efficient government that does more with less of taxpayers' hard-earned dollars. When it comes to federal education programs, however, the proposed budget does less in public schools with fewer dollars while transferring taxpayers' hard-earned dollars to private schools through vouchers.
