The Education Support Professionals Virtual Career Resource Center is available to all NEA members and staff. It currently contains ESPQ publications, research data, and an array of useful links to other websites and ESP specific resources.

You can search the Center by title, topic, publisher, author, date, job title, or keyword. Publications can be viewed online or downloaded and printed.

Sample topics include:
- Bullying
- Health Care
- Privatization
- School Transportation
- Worker Health and Safety
- Grants
- Green Schools
- ESP General Job Family Information
- Trades Test Preparation
- Technology and Technical Services Grants and Standards
- Security and Safety Plan Samples and Resources
- Parapro Assessment Test Resources
- and much more!

The ESP Virtual Career Resource Center is a work in progress. New publications and resources are continually being added. NEA members and staff are urged to send in recommendations for additional topic areas and/or resources to share.

Access is easy!

1. Log on to www.neaespcareercenter.net
2. Register your name and password.
3. A system administrator will check your credentials and approve you within 3 days.
4. Start exploring this valuable resource!
