

Discover the NEA Academy

Online Learning Designed for
Today's Busy Educator

The NEA Academy provides today's busy K-12 educators with practical online courses to meet professional development and continuing education needs. NEA Academy courses combine the power of self-paced study and instructor-led virtual classrooms for maximum flexibility, creating the perfect fit for educators who seek a convenient means of gaining additional skills and tools to make a difference in their students' lives. Courses offered through the NEA Academy are carefully screened against a set of quality standards developed by NEA members – only the best courses of the highest quality make it through the screening process.

Discover the best in online learning opportunities. NEA's professional development courses are designed for easy access online and to make learning fun, flexible, and collaborative. Courses can help you earn graduate credit, PDPs, or CEUs* while gaining strategies and resources for immediate use in the classroom and with your students.

Why the NEA Academy

Credibility - Peer reviewed and evaluated courses are selected by the NEA Content Quality Review Board to help meet the ever-changing needs to today's educational professional.

Experience - Understanding the needs of members is the NEA's business. Academy courses are designed to assist members in meeting ongoing professional development and certification requirements.

Commitment - The Academy's primary goal is to serve its members by providing the best quality and most practical and useful online professional development opportunities – each of which is evaluated by NEA members.

Practicality - We value your time. The Academy has conducted research with members throughout the country, and we have designed our online courses and materials based on what you told us about your professional development needs and interests.

Flexibility - We understand your need for learning that fits a busy personal and professional lifestyle. The Academy offers self-paced and instructor-led courses developed by the Association and leading professional development companies to meet your needs and fit your schedule.

Value - The Academy offers a variety of courses for members. Some are provided at no cost, while those from professional development companies are offered at the best possible price.
