

1996-97 FACULTY SALARY REPORT

The 1996-97 institutional faculty salary report provides salary and compensation information for the 3,047 institutions in NEA's faculty salary universe. The data—organized by state, institutional type, and control—are provided by the U.S. Department of Education's National Center for Education Statistics Integrated Postsecondary Education Data System's Preliminary Salary Survey for 1996-97.

Detailed data are reported for faculty on 9/10 month contracts only. Only the percentage of faculty on 11/12 month contracts are listed in the tables. A national summary of faculty on 11/12 month contracts appears on page 126. Changes in average faculty salaries are reported only for institutions responding to the NCES's Salary Surveys in both 1995-96 and 1996-97. All dollar amounts are reported in thousands of dollars.

Definitions for the institutional report column headings are as follows:
