

EDUCATORS TOGETHER, WE DO IT ALL

From the short to the tall, we teach them all.

From the big task to the small: We do it all!

No matter what the job is; Runny noses and sob-ses,
Trigonometry and Hobbes: We do it all!

From the ABC's and Know Your 3's to Citizenship or Sex Ed.,
We want to see 'em *learning*, not perplex- ed! So ...We do it all!

We work to capture their attention,
EVERY student learns, without abstention,
Keys for clean classes, solid Sub-Plans, nurse's passes,
More "Thank You"s than sasses—when We do it all!

We are teachers-- and many more Educators, too...
With our tools of the trade, Education's what we do!
With a brick or a rubric, a mop or map, a ladle or a gearshift,
With clipboards, chalkboards, keyboards and kind words,
We give our public school kids a lift!

And hey! Hip Hip Hooray: let's have 3 cheers
For parents, voters, tutors; and for school board volunteers!

We stay strong because the way is long
And education will always be the FUTURE.
That's why we continue to answer the call;
And why We do it all; WE DO IT ALL!

--Rick Harlan, Instructional Assistant, Seattle Public Schools
