GRANTS TO LOCAL EDUCATIONAL AGENCIES (ESEA I-A)

General: includes all four formula grants: Basic (section 1124), Concentration (section 1124A), Targeted (section 1125), and Education Finance Incentive (section 1125A).

Source for 2007: U.S. Department of Education.

Basis for Authorized: represents the amount provided in fiscal year 2007, the last year for which a specific level was provided under the No Child Left Behind Act. State authorization estimates are based on the same allocation formula used for the fiscal year 2008 budget estimates. Authorization estimates assume that any funds above the statutorily fixed amounts for Basic and Concentration Grants are allocated in equal amounts between Targeted and Education Finance Incentive Grants.

Source for 2008: derived from the U.S. Department of Education's fiscal year 2008 budget estimates.

Basis for Unserved: represents the number of children in poverty not served or underserved if the level of funding in the 2008 Senate Committee's bill is less than the authorized amount. Unserved was derived based on a count of total formula children (ages 5 to 17 in families below the poverty level and other special cases as defined in law) as determined by the U.S. Census Bureau and the Department.
