M-F, 8:30 a.m. - 8 p.m. (ET)

Ask for the NEA Desk and identify the meeting.

The Garber travel counselors will search for flights and fares on all major airlines within three hours prior, and three hours following, your requested travel times. If your travel dates and/or times are flexible, ask Garber to broaden the search for lower fares.

When making air reservations, keep in mind:

- Travelers should research all airlines, not just those listed above.
- Meeting discounts do not apply to already discounted airfares available only on the Internet.
- Airfares change constantly and are subject to availability.
- The lowest fares are subject to restrictions and penalties. Make sure you understand them.
- Airfares are never guaranteed until permission is given to issue tickets.
