

Federal Supplemental Educational Opportunity Grants (SEOG)

Supplemental Educational Opportunity Grants

- The 2008 Conference Agreement restores funding to the level appropriated in FY 2007. The President proposed to eliminate funding for SEOG in 2008.
- Under the 2008 Conference Agreement, the average funding amount per district is more than \$1.7 million, which would help an average of 2,800 students in each district reduce financial barriers to postsecondary education.
- Funding for SEOG has remained relatively constant since 2003, while the cost of attending a public four-year college has risen sharply -- eclipsing a rate of 6 percent per year.

Notes: FY 2008 Bush Budget state estimates are from the U.S. Department of Education. FY 2008 Bush Budget congressional district estimates and FY 2008 Conference Agreement state and congressional district estimates were derived from the Department's FY 2008 state budget estimates using a statistical model. The number of low-income undergraduate students funded under the Conference Agreement was also derived by a statistical model. For more information, contact Tom Zembar at 202.822.7109 or TZembar@nea.org. As of November 8, 2007.
