

ESSER

Allocations to LEAs in Minnesota

Across all three federal laws (CARES, CRRSA, and ARP), SEAs must use at least 90 percent of their grant awards to make subgrants to LEAs in proportion to the amount of funds that each LEA received under Title I, Part A in the most recent fiscal year.

minimum MDE distribution to LEAs

ESSER I Fund	\$126,123,528
ESSER II Fund	529,232,631
ARP ESSER Fund	1,188,581,311
Total, ESSER	\$1,843,937,470

GEER

Allocations to Minnesota

Both the CARES Act and CRRSA Act provided funding to Governors through the Governor’s Emergency Education Relief (GEER) Fund. The U.S. Department of Education is required to allocate 60 percent of the funds based on each state’s relative population of individuals aged 5 through 24, and 40 percent based on each state’s relative number of children counted under the Title I, Part A formula.

GEER I Fund	\$43,427,249
GEER II Fund	19,483,596
Total, GEER	\$62,910,845

GEER funds may be used by the Governor of Minnesota in support of public elementary and secondary education, institutions of higher education (IHEs), or other education-related entities. A Governor has wide discretion in determining the entities in the State that will receive GEER funds. A Governor can choose to fund only LEAs, only IHEs, only education-related entities, or any combination of eligible entities.

CARES Act Allocations

The following table provides each district or charter school's allocation for each of the three CARES Act funding streams administered by the Minnesota Department of Education.

Governor's Emergency Education Relief (GEER) funds can be used for technology and summer school programming.

Elementary and Secondary School Emergency Relief (ESSER) funds are allocated two ways:

- 90% of these funds are distributed in a formula to districts and charter schools using the same formula used for Title I, Part A funds under the Elementary and Secondary Education Act.
- 9.5% of these funds are distributed through grants that provide funding to districts and charter schools that don't receive a formula allocation, receive less than \$10,000 from their formula allocation, and/or receive a smaller share of ESSER funds than their share of the state's historically underserved student populations.

CARES Act Fund Allocations

Expand Summer Learning

Federal Funding for Extended Summer Learning Programs

\$57.5 million in federal relief funds have been allocated to support students through in-person, academically based programs. This was divided into two pots, \$53 million and \$4.5 million. For the \$53 million, districts and charters were asked to complete a survey on their estimated in-person academic summer program, including the number of students they hoped to serve, the number of days they hoped to be running and the number of hours per day. From this we calculated a total estimated allocation for each district or charter based on generating \$4 per student membership hour. An initial allocation was based on this figure.

The following table provides each district or charter school's allocation representing 25 percent of their estimated summer school in-person programs. The remaining allocation will be made in the fall after actual data has been collected.

This 25 percent of estimated summer in-person funds is coming from three different pots of money. They are:

1. Governor's Emergency Education Relief (GEER) I funds
2. GEER II funds
3. Elementary and Secondary School Emergency Relief (ESSER) II Funds

The final allocation will be coming from ESSER II funds only.

All funding must be spent on in-person summer programs taught by licensed teachers. Once final allocations are determined, any remaining funds will be carried forward for the district or charter school's summer program in 2022.

Expanded Summer Programming Allocations

Fin 164

The following table provides allocations for \$4.5 million in Expanded Summer Programming funding available to Local Education Agencies (LEAs) not otherwise eligible to receive an ESSER II award under the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA). These funds are available to the LEAs who were not identified by the federal government as having a higher need based on economic factors in their communities. The allocation is based 60% on historically underserved populations served and 40% on enrollment in each school. Funds from FIN 164 can be spent to cover expenses between March 13, 2020 and September 30, 2023. Expenditures must be used for actions taken to respond to the needs of students as a result of the public health emergency.

FIN 164 funds may be used for, but are not limited to:

- Offering and planning for expanded summer programs.
- Offering school longer hours or more school days.
- Partnering with community organizations to offer enrichment programs.
- Providing student transportation
- Purchase of personal protective equipment (PPE) for staff.
- Reducing class sizes.

Please contact MDE.FederalCOVIDFunds@state.mn.us with any questions.

ESSER III 90% Allocations to Eligible LEAs

In March 2021, the American Rescue Plan Act (ARPA) was signed into federal law. The ARPA included a third round of Elementary and Secondary School Emergency Relief (ESSER) funding.

ESSER funds must be allocated according to the federal Title I, Part A formula. MDE does not have authority to ignore or change the federal formula requirements for these federal funds.

The Elementary and Secondary Education Act (ESEA) of 1965, reauthorized in 2015 as the [Every Student Succeeds Act](#) (ESSA), is where the rules outlining the formula for Title I, Part A are found (Subpart 2, primarily sections 1124, 1124A, 1125, and 1125A). There are other sections of the ESEA/ESSA with different calculation methods (Title II, Part A for example), but the federal acts recently passed to address the response to COVID-19 (CARES, CSSRA, and ARPA) specifically point to Title I, Part A as the formula that must be used for ESSER I, ESSER II, and ESSER III.

Title I, Part A allocations (and now ESSER I, ESSER II, and ESSER III allocations) use traditional geographic school district population poverty estimates from the U.S. Census Bureau and are based on a statistical model that incorporates information from:

- Census Bureau's American Community Survey,
- Administrative records taken from Federal income tax returns,
- Supplemental Nutrition Assistance Program,
- The most recent decennial Census and recent updates to population estimates,
- Data on Supplemental Security Income recipients, and
- Economic data from the Bureau of Economic Analysis.

Updated in 2017, [34 CFR 200.70](#) and [34 CFR 200.78](#) outline the additional information included in a local educational agency's (LEA) allocation of Title I, Part A funds and the four grants (basic, targeted, education finance incentive (EFIC), and concentration) that comprise these awards. The short version is:

- Districts with a poverty percentage less than 2% are not eligible for Title I, Part A awards.
- Districts with a poverty percentage of at least 2% eligible for the basic component.
- Districts with a poverty percentage of at least 5% eligible for basic, targeted, and EFIC components.
- Districts with a poverty percentage of at least 15% are eligible for basic, targeted, EFIC, and concentration components.

The table that begins on the next page shows the ESSER III 90% allocations to each eligible local educational agency (LEA). The calculation of the ESSER III 90% awards follow the ARPA requirement to award ninety percent of the ESSER III funds to eligible LEAs following the most recent school year (SY2020-21) Title I, Part A formula. Schools not eligible for SY2020-21 Title I, Part A funds are not eligible for ESSER III 90%. These allocations represent only the ESSER III 90%; additional information will be coming on the remaining funds.

Twenty percent of each ESSER III 90% award must be spent on activities that address “learning loss” due to the COVID-19 pandemic. The ESSER III 90% awards will be loaded into SERVS Financial as two separate grant opportunities. Eighty percent of the total will be available under finance code 160 to be used for a wide variety of allowable activities in response to COVID-19. Twenty percent of the total will be available under finance code 161 to be used only for activities that support students’ learning recovery following the disruptions caused by the COVID-19 pandemic.

The impact of COVID-19 has been intense and wide-spread. The choice of the U.S. Congress to use the Title I, Part A formula for ESSER I (CARES) to address the impact to schools was reinforced through the additional acts passed (CSSRA and ARPA). MDE is required to follow the federal Title I, Part A formula for these allocations.

Send questions about the ESSER III 90% awards to mde.federalCOVIDfunds@state.mn.us.

Governor's Discretionary American Rescue Plan Funds

Governor Walz will use flexible federal American Rescue Plan (ARP) dollars for programming that will support academic enrichment and mental health starting in summer 2021 for students, families, educators, communities and schools. These funds are separate from Minnesota's \$1.3 billion in Elementary and Secondary School Emergency Relief (ESSER III) funds under the ARP.

School districts, charter schools and other public education entities will receive a general allocation in order to create partnerships and provide services in the following areas:

- Expand mental health and well-being supports to youth and adolescents attending school district and charter school summer learning programs.
- Partner with community businesses and organizations to develop a summer mentor and/or tutoring model that covers enrichment programming and other costs such as transportation and meals to increase student participation.
- Bring school-based summer programs into the community, providing opportunities for enrichment, social and emotional skill building, mental health supports, and tutoring services.
- Provide students with summer field trips for hands-on learning opportunities. Hands-on learning opportunities include activities such as trips to nature centers, state parks, zoos, museums or theaters.

These funds be available starting in summer 2021 and the intent is to establish programming to support students as soon as possible; however, the funds can be used through August 2022.

These funds are being allocated based on 40% average daily membership (ADM) and 60% on concentration of historically underserved students with an emphasis on students needing special education services. Historically underserved is defined as:

- Students of color or American Indian students
- Students eligible for free or reduced-price meals
- Students receiving special education services
- Students who are English Learners
- Students experiencing homelessness
