

### Agreement to Abide by COVID-19 Requirements

I agree that by registering for 2022 NEA National Leadership Summit, I commit to abiding by the National Education Association (NEA)'s COVID-19 Requirements, as well as any additional rules and guidelines established by Caesar's Forum Convention Center, the State of Nevada, and Clark County, NV, and any other requirements promulgated by governmental authorities prior to or during the 2022 NEA National Leadership Summit

#### **Before You Leave Home**

- **Get up-to-date on COVID-19 Vaccinations.** Attendees will be required to present verifiable proof of being fully vaccinated and having received all recommended boosters for which they are eligible. Attendees will receive directions on how to upload proof of vaccination status through CLEAR Health Pass or other approved third-party verification system.
  - If you are not up-to-date on COVID-19 vaccinations (meaning fully vaccinated and boosted, if eligible), you may participate in the meeting virtually. Virtual participation is available as an accommodation for anyone who is unable to meet the vaccination requirement for medical or religious reasons, and for anyone who is unvaccinated for any other reason or is otherwise unable to attend in person due to heightened risk from COVID-19. Please register for the Virtual Summit, if you will be participating virtually.
- **COVID Test.** NEA strongly recommends that attendees take a COVID-19 test immediately prior to traveling to the event to avoid unanticipated costs of being required to isolate at the event location. If positive, do not travel to the event.
- **Self-Assessment.** Evaluate your own health and that of people with whom you are in close contact. Do not travel if you are sick or if you have been around someone with suspected or confirmed COVID-19 in the past 14 days.

#### **Upon Arrival**

- Near the Summit Registration desk, please confirm that you have uploaded proof of COVID vaccination and that you agree to abide by the COVID-19 requirements for the event.

- **COVID Test.** All attendees will be required to self-test using a rapid antigen test prior to entry to the event. Testing should be done in your hotel room, and you will be provided with information about how to upload test results through CLEAR Health Pass or other third-party app.

### **Onsite Requirements**

Attendees should follow guidance from the Centers for Disease Control (CDC) and the Clark County, NV Public Health Department to prevent the spread of COVID-19, including but not limited to the following:

- **Masks.** All attendees must wear a KN95 mask (or N95 respirator) or equivalent quality mask. Masks must cover your nose and mouth and must be worn at all times while inside the 2022 NEA National Leadership Summit site, except when consuming food or beverages. Masks must also be worn at all other times as required by event organizers and the venue.
- **Social Distance.** Adhere to social distance protocols established by the event organizers and the venue, and respect others' personal space.
- **Self-Assessments.** Every morning and evening, assess whether you are experiencing any symptoms consistent with COVID-19, including but not limited to coughing or difficulty breathing, a new loss of taste or smell, or flu-like symptoms such as fever, chills or body aches. If you are not feeling well or are experiencing any of these symptoms, return to your room and quarantine. Immediately seek medical advice and notify Patricia Tallington ([PTallington@nea.org](mailto:PTallington@nea.org)) and Cory Wofford ([CWofford@nea.org](mailto:CWofford@nea.org)).
- **Screening Testing.** Event providers may determine that additional screening testing is recommended during the 2022 NEA National Leadership Summit. Cooperate with any additional COVID-19 testing.

### **Continue Best Public Health Practices**

All attendees agree to follow Center Disease Control (CDC) guidelines to prevent the spread of COVID-19.

- **Hand Washing.** Wash hands often with soap and water for at least 20 seconds. When hand washing is not possible, use hand sanitizer (with at least 60% alcohol).
- **Be Thoughtful.** Avoid touching your eyes, nose, and mouth with unwashed hands. Cover your nose and mouth when coughing or sneezing, and throw used tissues in the trash.

### Post-Event

You're home! But not quite done yet...

- **COVID Test.** Monitor yourself for COVID-19 symptoms and get tested if you develop any symptoms. Even if you don't have symptoms, NEA recommends that you take a COVID test 5-7 days after returning home. If you test positive for COVID-19 within 14 days after returning home, please contact Patricia Tallington ([PTallington@nea.org](mailto:PTallington@nea.org)) and Cory Wofford ([CWofford@nea.org](mailto:CWofford@nea.org)).
