Announcement of opening for the position of

Executive Director

National Education Association – New Mexico

BACKGROUND/HISTORY

The history of the National Education Association of New Mexico (NEA-NM) covers more than twelve decades of pride and accomplishment. Since our active participation in the creation of the state’s public schools, the efforts of NEA-NM have continued to shape and improve public education in New Mexico.

In 1880, more than 60% of New Mexico’s population over the age of 10 could not read or write. In those days, there were only 162 private and church-run schools, with a student attendance of 3,150. There was no public-school system in 1880. Attempts to establish a public-school system failed to pass the territorial legislature in 1876, 1878, and again in 1880. In 1878, the legislature passed a statute authorizing the Jesuits to own unlimited land for educational institutions without taxation. The U.S. Congress unanimously annulled the act.

In the Fall of 1886, a group of educators got together to call for the formation of an education association of New Mexico. On November 26, 1886, during the Thanksgiving break, a group of mostly Santa Fe educators met and adopted a resolution calling for a convention to establish the “Territorial Education Association” (TEA). The first convention of the TEA assembled on December 28, 1886. After statehood, the TEA became the New Mexico Education Association (NMEA) which later changed its name to the National Education Association of New Mexico (NEA-New Mexico).
