

The National Education Association (NEA), the nation's largest professional employee organization, is committed to advancing the cause of public education. NEA's 3 million members work at every level of education, from pre-school to university graduate programs. NEA has affiliate organizations in every state and more than 14,000 communities across the United States.

NEA VISION, MISSION, AND CORE VALUES

THE NATIONAL EDUCATION ASSOCIATION

We, the members of the National Education Association of the United States, are the voice of education professionals. Our work is fundamental to the nation and we accept the profound trust placed in us.

OUR VISION

Our vision is a great public school for every student.

OUR MISSION

Our mission is to advocate for education professionals and to unite our members and the nation to fulfill the promise of public education to prepare every student to succeed in a diverse and interdependent world.

OUR CORE VALUES

These principles guide our work and define our mission:

Equal Opportunity. We believe public education is the gateway to opportunity. All students have the human and civil right to a quality public education that develops their potential, independence, and character.

A Just Society. We believe public education is vital to building respect for the worth, dignity, and equality of every individual in our diverse society.

Democracy. We believe public education is the cornerstone of our republic. Public education provides individuals with the skills to be involved, informed, and engaged in our representative democracy.

Professionalism. We believe that the expertise and judgment of education professionals are critical to student success. We maintain the highest professional standards, and we expect the status, compensation, and respect due all professionals.

Partnership. We believe partnerships with parents, families, communities, and other stakeholders are essential to quality public education and student success.

Collective Action. We believe individuals are strengthened when they work together for the common good. As education professionals, we improve both our professional status and the quality of public education when we unite and advocate collectively.

MESSAGE FROM BECKY PRINGLE, NEA PRESIDENT

"Joy, Justice, and Excellence"

As I think about the past year, and the future that NEA members continue to build together for students, families, and communities, these are the words that continue to reverberate through my heart and my mind.

Conference season is my favorite time of year, and I admit this convening holds a special place in my heart because of its dedication to education support professionals—members like you who keep our schools and communities intact and make our union strong.

At the ESP Conference, we will celebrate the **Strength of Educators**. Whether you are a cafeteria worker, a paraeducator, a custodian, secretary or a bus driver, you are an educator who ensures every student has the access,

support, and opportunities they need and deserve.

We will also recognize the **Brilliance of Students.** They are at the center of everything you do as you lead in our association and participate in professional learning at the conference—from working for the racial and social justice that form the pillars of education justice, to organizing and using your critical voice to advocate for your careers. Because here's the truth: Learning conditions for students depend upon better working conditions for ESPs.

And we will also harness the **Power of Community**. Students, ESPs, parents, teachers, SISPs, union allies, and more are organizing, lobbying, and advocating to protect every student's right to a safe, welcoming, and affirming learning environment in a school that respects and values them and is free of bias.

I'm excited about this opportunity for each of us to learn together as educators, stand together as union siblings, and grow together as an education community—during this conference weekend and beyond.

Take care of yourselves and each other, and I'll see you in Seattle!

Jebecen & Pringle

In solidarity,

Becky Pringle

NEA President

WELCOME FROM NEA ESP PLANNING COMMITTEE

Dear ESP Conference Attendee,

We are excited for you to join us in Seattle for the 2023 NEA ESP National Conference, the largest Association-led convening of education support professionals from across the nation!

This year we have curated an impressive lineup of professional learning workshops and trainings led and designed by ESPs, covering a breadth of topics like organizing, racial and social justice, social emotional learning, peer mentoring, leadership development and more. We are certain you will leave the conference with brand new connections along with a wealth of knowledge and ideas to bring back to your schools, campuses, and worksites to support ESPs in their professional growth and foster student learning and success.

Get ready for a fun and enriching weekend of learning from one another and celebrating the amazing ESPs who are the beating heart of our school communities and our union!

Warm regards,

The 2023 NEA ESP Conference Planning Committee

Robert Rodriguez, Chairperson

NEA PRIORITY GOALS 2022-23

Unite our members and the nation to lead a movement to reclaim public education as a common good, as the foundation of this democracy, and transform it into a racial and socially just and equitable system designed to prepare every student to succeed in a diverse and interdependent world.

Unite our members and the nation around the fight to end gun violence and to create safe, just, and equitable schools for every student.

Creating Safe, Just, and Equitable Schools

Securing the Environment

Advocate for education professionals, and elect and influence leaders and policy-making processes that demonstrate care for our students, respect for educators, belief in public education as a common good, understanding and support of the rights of workers to organize and collectively act, commitment to taking on racial, social, and economic justice, and strengthening our democracy.

Organize to grow membership, increase member activism, identify leaders, and build stronger relationships among and between NEA Board members, our affiliates, constituency groups, and members to grow and strengthen our members' connectedness to our union and to each other.

GENERAL INFORMATION

COVID-19 PROTOCOLS

Visit nea.org/espconference or the Conference Attendee Hub for the current "NEA Meeting COVID-19 Protocols."

TIME ZONE

All events are in Pacific Time unless otherwise noted.

BADGES

Conference registrants must wear and display their badges. Individuals without a badge will be prohibited entry to conference events, sessions, workshops, and meals.

CONFERENCE APP

Download the conference app! Instructions and login credentials were sent to the email account you registered under.

SCANNING

Conference registrant badges will be scanned for attendance at events, sessions, workshops, and meals.

WORKSHOPS (ALL WORKSHOPS REQUIRE REGISTRATION)

PRE-CONFERENCE WORKSHOPS

Pre-conference workshops require registration and an additional conference fee of \$50.

Are you interested in choosing a different pre-conference workshop? Please inquire in room 303. Availability may be limited.

EARLY BIRD AND CONFERENCE WORKSHOPS

Early bird workshops and conference workshops require registration.

Are you interested in choosing a different early bird or conference workshop? Please inquire in room 303. Availability may be limited.

CONFERENCE-PROVIDED MEALS

	Thursday, 3/23	Friday, 3/24	Saturday, 3/25	Sunday, 3/26
Pre-conference & Conference	Breakfast & Lunch	Meals on Your Own	Breakfast, Lunch, & NEA ESP of the Year Award Banquet	Breakfast
Conference			Breakfast, Lunch, & NEA ESP of the Year Award Banquet	Breakfast

NEA ESP OF THE YEAR AWARD BANQUET

Conference registrants who have RSVP'd for the banquet may attend. Conference registrants must have reserved their seats by selecting their meal choice during the registration process.

Conference registrants must bring their badges to the banquet. Your selected meal choice is displayed on the badge and should be shown to the wait staff once seated. Attendees will not be allowed entrance into the event unless their conference badge identifies that they have RSVP'd for the event.

Guest tickets will NOT be available for this event.

STANDARD OF CONDUCT POLICY

NEA has adopted a Standard of Conduct Policy to ensure that all of our gatherings are welcoming to all and free from discriminatory, harassing or otherwise unacceptable behavior. Discrimination or harassment based on race, color, ethnicity, religion, sex, age, national origin, sexual orientation, disability, gender identity or expression, or any other characteristic protected by law will not be tolerated.

If you experience any discriminatory or harassing behavior, please contact Robert Rodriguez (rrodriguez@nea.org) and Hanna Vaandering (hvaandering@nea.org) to report the incident.

Thank you for your commitment to ensuring a positive event for all.

3:30 p.m. – 3:45 p.m.	Break	3 rd Floor Prefunction

PRE-CONFERENCE WORKSHOPS

THURSDAY 9:00 A.M. - 5:00 P.M.

1. A Day of SEL from Toxic Stress to Self-Care: How ESPs Can Survive and Advocate

Christina Gordon, Erika Zamora

Educators are feeling the pressures of the times and the impacts of the pandemic as they balance family and personal matters with providing quality support to students and families. From bus driver shortages to increased paraeducator workloads, ESPs have been overtaxed. In this session, we will review the impact on the ESP workforce to foster a shared understanding of pandemic-related stress and the importance of advocating for self-care. You will participate in several interactive activities and leave with valuable resources for practicing self-care and advocacy.

Leadership Competency: Social and Emotional Intelligence (Level 1)

PGC Universal Standard: Communication (Level 1)
Relevant for educators: Pre-K through Higher Education,
Central Office/Districtwide

402 Chiliwack

2. Advancing Racial and Social Justice: Freedom, Liberation. and Iov. No Exceptions!

David Coleman, Aneeka Ferrell, Vanessa Jimenez, Toni Mejias, Jariza Rodriguez, Yahaira Rodriguez

We know that institutional and structural racism are barriers to achieving NEA's vision of a great public school for every student. Our collective efforts to dismantle White Supremacy culture, to end racism and other forms of systemic oppression begin with advancing racial justice in our classrooms, buses, hallways, schools, communities, and our Association so that our schools and Association can continue to move forward towards freedom, liberation, and joy. No exceptions.

In this session, we will establish key definitions, concepts, and frameworks to strengthen our racial analysis and engage in intentional self-reflection and mirror work to apply these critical understandings to our journey, practice, and leadership. Join us and learn how to strategize collective action to confront and challenge systemic racism and oppression to build strong public schools that every student deserves.

Leadership Competency: Advocacy (Level 1)
PGC Universal Standard: Cultural Competence (Level 1)
Relevant for educators: Pre-K through Higher Education,
Central Office/Districtwide

Columbia C

3. Becoming: Your Journey as a Leader

Shondea Chapman, Kisha Davis-Caldwell, Amy Evans, Martin Jenkins, Cory Wofford

Education support professionals bring unique skills and perspectives to the educational environment. ESPs who know who they are can improve their professional excellence, regardless of their career family, and enhance the capacity of their Associations. In unions, and most organizational cultures, titles have value, but titles alone don't determine leadership. Leadership begins with choosing to see ourselves as leaders, valuing our worth, and committing to learn and practice a set of competencies that allow us to show up and positively impact students, colleagues, communities, and the world.

Are you ready to embrace the leader you are already becoming? No matter where you are on your journey, this full-day session will assist ESP members in rediscovering what is already there: the leader inside of you. You'll learn and experience a framework of leadership competencies that position you to take charge of your future and create a plan to help you achieve your personal and professional goals while making a difference.

Leadership Competency: Leading Our Professions (Level 2)
PGC Universal Standard: Professionalism (Level 2)
Relevant for educators: Pre-K through Higher Education,
Central Office/Districtwide

Columbia D

4. ESP State Staff Coordinators

Member leaders and activists, state staff, and NEA staff

This invitation-only meeting is an opportunity for staff who represent ESP to work with colleagues from around the country, discuss issues of common concern, and share successes and challenges. The working meeting will include presentations on topics that are current and relevant, such as:

- · The latest in ESP organizing strategies
- · Best practices of high-performing ESP locals and states
- ESP professional supports

501 Chiwawa

5. Preventing Privatization by Building Power at the Local Level

Meighan Davis, Lee Hedgepeth

The pandemic has accentuated how critical electing allies on local Boards of Education has become. When we vote, our paychecks, safety, and job security are on the line. Many school districts are attempting to solve staffing shortages by privatizing our positions. We have the power to make a difference in these fights, but only if we increase our locals' capacity to organize our people and organize our money to have a voice on our Boards of Education. NEA's Campaigns & Elections team (CE), along with ESP political activists, will lead this session on how to start building a solid organizing foundation at the local level. In this session, you will learn how to write a campaign plan, recruit members to volunteer and give to PAC, use the most effective voter contact methods, and build productive relationships with elected officials.

Leadership Competency: Organizing (Level 2)
PGC Universal Standard: Communication (Level 1)

Relevant for educators: Pre-K through Higher Education, Central Office/Districtwide

401 Chelan

6. Self-Sacrifice vs. Self-Care: Restorative Practices and Abolitionist Education

Eboni Rucker, Iman Shabazz

ESPs play a vital role in the education of students across the United States. Working in a capacity that requires more than what is possible to give can present stressful outcomes when one allows it. Self-awareness is essential to maintaining professional equality and equity, and gaining a sense of individuality is essential to maintaining healthy educators. In this session, you will learn how to build healthy relationships with students and yourself, center black and brown wellbeing, and support healing spaces in schools based on the demographics that they serve. Throughout the session, we will incorporate brain breaks to support movement and participate in activities you can share with colleagues back home.

Leadership Competency: Social and Emotional Intelligence (Level 1)

PGC Universal Standard: Health & Safety (Level 2)
Relevant for educators: Pre-K through Higher Education,
Central Office/Districtwide

404 Entiat

7. Using True Colors to Reinforce a Year-Round Organizing Plan

Floyd Cox, Brian Phillips

In this pre-conference session, you will experience the True Color personality type training. You will identify your own True Colors and explore how to build a strong team based on individual strengths and abilities. In the second half of this session, you will learn how to use your True Colors knowledge to implement organizing skills to grow membership, identify new leaders, and build power in your local union. You will have opportunities to enhance organizing 1-1 conversations, practice other organizing skills during the session, and explore NEA's Telephonic Organizing.

Leadership Competency: Organizing (Level 2)
PGC Universal Standard: Communication (Level 2)
Relevant for educators: Pre-K through Higher Education,
Central Office/Districtwide

403 Cispus

CONFERENCE SCHEDULE

FRIDAY, MARCH 24

Early bird workshops are for all conference registrants. There are no conference-provided meals on Friday.

11:00 a.m. – 12:00 p.m.	Closing Session Keynote Speaker: Noel Candelaria, NEA Secretary-Treasurer	Columbia Ballroom

BECKY PRINGLEPresident, National Education Association

NEA president Becky Pringle is a fierce social justice warrior, defender of educator rights, an unrelenting advocate for all students and communities of color, and a valued and respected voice in the education arena. A middle school science teacher with 31 years of classroom experience, Becky is singularly focused on using her intellect, passion, and purpose to unite the members of the largest labor union with the entire nation, and using that collective power to transform public education into a racially and socially just and equitable system that is designed to prepare every student to succeed in a diverse and interdependent world.

Becky's passion for students and educators, combined with her first-hand classroom experience, equip her to lead the movement to reclaim public education as a common good. Becky was elected in 2020 as COVID-19 ravaged Black, Brown, and indigenous communities nationwide.

Before assuming NEA's top post, Becky served as NEA vice president and before that as NEA secretary-treasurer. She directed NEA's work to combat institutional racism, and spotlight systemic patterns of racism and educational injustice that impact students. Under Becky's guidance, NEA works to widen access and opportunity by demanding changes to policies, programs, and practices. The Association's goal is to ensure the systemic, fair treatment of people of all races so that equitable opportunities and outcomes are within reach for every student. This is why Becky is a staunch advocate for students who have disabilities, identify as LGBTQ+, are immigrants, or English Language Learners.

Those who know Becky best know that she is also a passionate Philadelphia Eagles fan, loves anything purple, and for two special someones holds the coveted title of "Best Nana B" in the world.

PRINCESS MOSS
Vice President, National Education Association

Princess Moss, an elementary school music teacher from Louisa County, Va., is the vice president of the National Education Association, the nation's largest professional organization.

A champion of children and public education at the local, state, and national levels, Moss served as secretary-treasurer from 2014 through 2020. Prior to this, she distinguished herself with two terms on the NEA Executive Committee, where she served on the Elementary and Secondary Education (ESEA) Advisory Committee, steering the Association's strategy for the law's pending reauthorization, and the Dropout Prevention Advisory Committee, helping develop relevant tools for NEA members. Under her

direction as president, the 62,000-member Virginia Education Association increased its membership and advocated successfully for greater investment in public education at the state and local levels. She also served as VEA Vice President and on the Board of Directors for NEA and VEA for over 10 years.

The daughter of two school bus drivers, Moss earned her bachelor's degree in music education from the University of Mary Washington, and received the university's Distinguished Alumnus Award in 2006. She also earned a master's degree in elementary and secondary administration and supervision from the University of Virginia.

NOEL CANDELARIA
Secretary-Treasurer, National Education Association

Noel Candelaria, a special education teacher and former teacher's aide from El Paso, Texas, is the Secretary-Treasurer of the National Education Association, the nation's largest professional organization. In this role, his primary responsibility is managing and maintaining the Association's multimillion-dollar budget.

Noel Candelaria is the Immediate Past President of the Texas State Teachers Association (TSTA), the state affiliate of the National Education Association (NEA). Prior to his election as TSTA President, Noel served as TSTA Vice President after a distinguished tenure as President of the Ysleta Teachers Association (YTA) in El Paso, Texas, where he worked as a Teacher's Aide

and Special Education Teacher in the Ysleta Independent School District (YISD).

Noel was recently appointed by President Biden to serve as a member on the President's Advisory Commission on Advancing Educational Equity, Excellence, and Economic Opportunity for Hispanics. In this role, Noel is tasked with providing advice to the President on matters pertaining to educational equity and economic opportunity for the Hispanic and Latino community.

Noel and his wife Patty, who is a National Board-Certified teacher, are tireless advocates committed to the success of every student. Throughout his career, Noel has emphasized the importance of relationships built on trust. He believes our public schools must provide every student the best opportunity to fulfill their individual potential.

As a son of hard-working immigrants, the importance of education and the opportunities that a quality public education can provide were core values instilled in him at a very early age. That upbringing helped to shape Noel's passion to serve all students and reimagine a more just and equitable education system that benefits all students.

MARGARET ELLEN NEWELL

Arts and Sciences Distinguished Professor of History, The Ohio State University

Margaret Ellen Newell is Arts and Sciences Distinguished Professor of History at Ohio State University. She received her A.B. in History and Spanish from Brown University and her M.A. and Ph.D. in Early American History from the University of Virginia.

Professor Newell is best known for her path-breaking research on Indian slavery. Her book, Brethren by Nature: New England Indians, Colonists, and the Origins of American Slavery, won the 2016 James A. Rawley Prize from the Organization of American Historians for the best book on the history of race relations in the U.S. She appeared in a documentary on Indian slavery and on the podcasts Ben Franklin's World and Teaching

the Hard History of Slavery. She has written Op-Eds on slavery and race for the Providence Journal and Bulletin and The Columbus Dispatch. In 2019, the U.S. State Department invited Professor Newell to speak with audiences in Moscow, St. Petersburg, and Archangelsk, Russia.

Presently, Professor Newell is studying the lives of African Americans and Native Americans who escaped enslavement and what freedom meant to them. In April, she will publish a new article on Native American uprisings against European colonial empires across the Western Hemisphere, the "Native American Revolution of 1676."

Do you want to make the most of the professional learning opportunities offered at the NEA ESP National Conference?

Do you have professional growth and leadership goals?

Work toward your goals by using the ESP Professional Growth Continuum and the NEA Leadership Competency Framework.

ESP Professional Growth Continuum

The ESP Professional Growth Continuum (PGC) provides ESPs with pathways for continuous professional learning in eight universal standards of professionalism: Communication, Cultural Competence, Organization, Reporting, Ethics, Health and Safety, Technology and Professionalism. Developed by ESPs for ESPs, this continuum can be used to elevate their careers and increase their visibility as essential members of the education team. The NEA ESP National Conference will offer pre-conference and conference workshops that give you an opportunity to progress on the PGC. If you have already embarked on a professional growth plan using the ESP PGC or plan to in the future, you can easily identify the workshops that align to one or more of the universal standards. Each workshop is labeled with the universal standard(s) it aligns with.

Learn more at nea.org/pgc

NEA Leadership Competency Framework

The NEA Leadership Competency Framework, developed by members and staff, offer a unified and interdisciplinary approach to leadership development, with particular attention on expanding the competencies to include skills that position educators and union members to address systemic problems, like institutional racism. The framework includes seven leadership competency domains: Advocacy, Business, Communication, Governance and Leadership, Leading Our Professions, Organizing, Social and Emotional Learning, and Strategy and Fiscal Health. These competencies are designed for activists and leaders with the knowledge skills needed to lead in their careers and professions and associations. The NEA ESP National Conference supports your leadership development journey by offering pre-conference and conference sessions that deliver leadership development training aligned to the NEA Leadership Competency Framework. Check each workshop for its corresponding leadership competency domain.

Learn more at nea.org/leadershipdevelopment

Education Support Professionals Professional Growth Continuum

Developed by ESPs for ESPs, the ESP Professional Growth Continuum (PGC) outlines standards for what ESPs should know and be able to do to elevate their practice and foster student and school success at any stage of their careers.

- **1. Communication Standard:** ability to effectively listen and communicate (written and verbal) with a diverse audience including students, parents/guardians, staff, visitors, and community
- 2. Cultural Competence Standard: ability to examine one's own cultural context, understand cultural contexts of others, and interact across cultural contexts with sensitivity to differences (e.g., economic, race, gender, and disability)
- 3. Organization Standard: ability to prioritize, plan, and execute tasks efficiently and effectively
- 4. Reporting Standard: ability to understand the responsibilities of a mandated reporter and what, when, how, and to whom reports should be filed
- **5. Ethics Standard:** ability to maintain a high level of ethical behavior, confidentiality, and privacy of any information regarding students, staff, and all job-related matters
- 6. Health & Safety Standard: ability to protect the health and safety of oneself and others by knowing and executing health, safety, and emergency protocols/procedures with fidelity
- 7. Technology Standard: ability to use electronic devices to problem solve and complete work-related duties
- 8. Professionalism Standard: ability to present and conduct oneself in a professional manner in all job settings

nea.org/pgc

Mobilizes to influence successful organizing outcomes, strengthen internal and external relationships, and membership capacity; as well as recruit and identify new members and potential leaders into the association.

Social Emotional Intelligence

Understands the knowledge, skills, attitudes, and behaviors that create healthy identities, manage emotions and achieve personal and collective goals; demonstrates ability to feel and show empathy, establish and maintain supportive relationships, and make responsible, caring decisions.

Communication

Builds an integrated communications strategy that drives the goals of our professions.

Leading

Our Professions

Advocates for quality inside our professions and promotes our

Governance and Leadership

LEVEL 3: AGENDA-DRIVING (LEADING THE ORGANIZATION)

FRIDAY 8:00 A.M. - 3:00 P.M.

1. AHA Heartsaver First Aid, CPR, and AED Training

Sheila Caldwell, Elizabeth Pray

This 6-hour course will cover the requirements set forth by the American Heart Association for HeartSaver Adult and Child First Aid, CPR, AED certification and is open to anyone interested in learning the valuable steps of life-sustaining and life-saving techniques. We will cover the following topics: first aid basics, medical emergencies, injury emergencies, environmental emergencies, preventing illness and injury, adult and child CPR and AED use, opioid-associated life-threatening emergencies, and choking maneuvers. As a requirement, you will be required to demonstrate hands-on skills.

Upon successful completion of this course, an AHA certificate will be emailed to you within 2-3 weeks.

Leadership Competency: Leading Our Professions (Level 1)
PGC Universal Standard: Health & Safety (Level 1)

Primeros Auxilios, RCP, y DEA para Adultos, Niños y Bebés (Instrucción en Español)

Eunice Salcedo

El curso de Primeros Auxilios, Resucitación Cardiopulmonar (RCP), y Desfibrilador Externo Automático (DEA) de la Cruz Roja Americana está diseñado para capacitar a participantes con el conocimiento y las técnicas que se necesitan para responder durante una emergencia. El curso prepara a los participantes a reconocer y atender adecuadamente a una variedad de emergencias de primeros auxilio, respiratorias, y cardíacas que involucran a adultos, niños, y bebés.

Cuando los minutos importan, es importante reconocer cuándo brindar atención inmediata a una persona lesionada o enferma y aprender cómo decidir si la person necesita atención médica avanzada. El curso de seis horas incluye actividades para demostrar habilidades y técnicas, conversaciones sobre los procedimientos apropiados para emergencias específicas y ejercicios en grupos pequeños para reconocer, responder y cuidar a una persona lesionada o enferma.

Para completar el curso de Primeros Auxilios, RCP, y DEA de manera satisfactoria, el participante deberá:

- Llegar a tiempo y asistir y participar durante toda la clase.
- · Participar activamente en todas las actividades del curso,

incluso asumir varios roles durante las prácticas de técnicas y evaluación.

- Demostrar competencia en todas las técnicas requeridas.
- Completar de manera satisfactoria las evaluaciones de escenarios.

Al completar el curso, los participantes recibirán un certificado digital válido de 2 años de la Cruz Roja Americana en Primeros Auxilios, RCP, y DEA para adultos, niños, y bebés.

Leadership Competency: Leading Our Professions (Level 1)

PGC Universal Standard: Health & Safety (Level 1)

Relevant for educators: Pre-K through Higher Education, Central Office/Districtwide

EARLY-BIRD WORKSHOPS (4-HRs)

FRIDAY 8:00 A.M. - 12:00 P.M

1. Becoming: Your Journey as a Leader

Shondea Chapman, Kisha Davis-Caldwell, Amy Evans, Martin Jenkins, Cory Wofford

Education support professionals bring unique skills and perspectives to the educational environment. ESPs who know who they are can improve their professional excellence, regardless of their career family, and enhance the capacity of their Associations. In unions and most organizational cultures, titles have value, but titles alone don't determine leadership. Leadership begins with choosing to see ourselves as leaders, valuing our worth, and committing to learn and practice a set of competencies that allow us to show up and positively impact students, colleagues, communities, and the world.

Are you ready to embrace the leader you are already becoming? No matter where you are on your journey, this session will assist ESP members in rediscovering what is already there: the leader inside of you. You'll learn and experience a framework of leadership competencies that position you to take charge of your future and create a plan to help you achieve your personal and professional goals while making a difference.

Leadership Competency: Leading Our Professions (Level 2)
PGC Universal Standard: Professionalism (Level 2)
Relevant for educators: Pre-K through Higher Education, Central Office/Districtwide

502 Cowlitz

2. Calling Other into Community

Aneeka Ferrell, Rowena Shurn

Far too often, we avoid difficult conversations and topics that are considered divisive. During this session, we will look at strategies to call people into the community. We explore "calling in" techniques that build and explore our own biases and ways that we shut down conversations to address these areas when working as leaders and coaching others.

3. Community Building through Ritual Poetic Drama, Drums and Movement - Introductory Work and Truth-telling

The Conciliation Project

This workshop is designed as a foundation to the work of deconstructing our ideas about community and how to create a healthy community that values one another and practices the basic principle of Ubuntu (I am because WE are). How do we create a space where we can speak the truth as we re-visit our collective history (stories) in order to address the barriers and systemic dysfunctions that disrupt our relationship to the work that we want to do and inhibit our ability to build the community we envision for ourselves.

4. ESP Voices Take Charge in the Political Arena

Andrea Cisneros, Jennifer Muñoz

This session will explore different ways ESPs can organize with their members and community partners to engage legislators. Learn how Jeffco Education Support Professionals Association (JESPA) has been making waves in Colorado and leveling out the playing field not just for ESPs, but for students and communities. Presenters will share their personal stories and their leadership development journeys not just through their own voices but through video snippets of political campaign ads, press conferences, and bargaining sessions they have been a part of.

By the end of this session, you will develop a deeper understanding of your individual and collective power as ESPs. You will also learn how to use basic organizing frameworks, and why raising your voice is critical to the well-being of students and public education.

5. Healing, Help and Hope: Three Transformative Conversations

Christina Gordon

Focusing on individual educator emotional well-being and healing will allow us to find the energy needed to help change organizational and systemic conditions. The need for social-emotional learning for students is paramount with the traumas of COVID and various racial and social issues. As educators, it is especially vital for us, too. In this session, you will gain practical ideas to build your emotional resilience as an ESP so that you can continue to be effective in your work, begin to apply these strategies to classrooms and your work environments, and create just and equitable change. Based on the book and workbook by Elena Aguilar, "Onward: Cultivating Emotional Resilience in Educators," this session will take you through meaningful exercises that you can easily take back to your respective roles and work environments. Learn the habits and dispositions of cultivating resilience while exploring your journey toward cultivating resilience and learning how your individual resilience can fit into the broader plan to transform schools.

During our time together, we will move through mindfulness exercises, engage in physical movement, write, talk, and create materials for make-and-take pieces. Whether you are a paraeducator or bus driver, commitment to focusing on your well-being and healing is the key to finding the help and hope required to change the outcome of many students we work with daily.

6. Organizing and Strengthening Your Local Health and Safety Committee

Allen Barkume, Mike Rollins, John Staab

Learn how to establish your local health and safety committee. Once you have established your local health and safety committee, it's time to take advantage of your organizing potential to identify and resolve building-specific health and safety issues in your workplace. This training provides participants with the best practices for maintaining a safe and healthy workplace. Learn how to use your local health and safety committee to conduct a building walkthrough inspection, use applicable federal and local policies to hold employers accountable, and advocate for the rights of all workers.

This workshop is meant to be a follow-up for new health and safety committees to be more technically competent, to better understand their obligations as committee members, and to use health and safety as an organizing tool.

Prioritizing Racial Justice and the Need for Anti-Racist Educators

Aaron Dorsey, Makeda Harris, Robin McLean, Michael Scott, Donald Washington

Whether we are Native People, Black, Asian, Latin(o/a/x), Middle Eastern, North African, Multiracial, Pacific Islander, or White, we all believe that all children deserve a public education that allows them to pursue their dreams. But some right-wing politicians try to get a hold of power by putting us into boxes based on what we look like or where our families come from. We see this in how schools tell Black children how to keep their hair or send girls home for the clothes they wear. By joining together to demand racial justice, we can make schools safe spaces where we can all thrive and support each other for who we are.

This interactive session will provide educators of all racial and ethnic identities with an overview of racial justice coconspiratorship. We will explore the origins of race, the levels of racism, and the need for all of us to join together to demand racial justice.

EARLY-BIRD WORKSHOPS (4-HRs)

8. Race and Racial Microaggressions and How They Impact Students and Education

David Coleman, Vanessa Jimenez

This research-based course will provide an understanding of microaggressions and how those microaggressions impact students based on their race. No matter their race or place, every student deserves to learn in a safe, inclusive, and equitable educational environment.

Learn how microaggressions can shape these environments and impact a student's ability to thrive in and out of the classroom. By the end of this session, you will understand how our beliefs, values, and experiences inform implicit biases that lead to microaggressive behaviors and how our implicit biases and microaggressive behaviors affect others (students, colleagues, families, etc.).

Leadership Competency: Advocacy (Level 1)

10. True Colors - Understanding Yourself and Others

Alison Hoffa, Taraja Shephard Allen

Do you work in education to be part of an established learning culture...to help students learn, develop, and become more effective in the world? Isn't it ironic how the organizational structure supporting this educational system can be disrupted by misunderstandings, conflicts, and a lack of respect? Much of the success of an academic institution depends upon communication throughout the entire campus and beyond. A student's day begins with the first interaction with a bus driver or school secretary and continues throughout the day and into the surrounding community. When the staff is not getting along, or teams are not effective, the students (and their academic achievement) are affected. The demands of providing educational opportunities for students can bring numerous opportunities for stress and frustration alone. Combine these challenges with staff and team conflicts, personality clashes, and snarled lines of communication, and it becomes virtually impossible to deliver excellence. Together, we can improve every interaction between educators, educational support professionals, and students in your school. We empower the staff to meet challenges creatively and collaboratively.

True Colors School Program Goals include:

- Promote Cooperation
- Reduce Stressors
- · Resolve conflict
- Build Respect and Trust
- · Improve Teamwork
- Enhance communication between students, staff, and parents

1. Anti-Racist Educator Toolkit: Actions for ALL Educators (Session III)

Amelia McConnell

Classroom support staff, lunchroom workers, health room aides, recess crew, and all ESPs connect with all students in our school communities. By the end of the week, ESPs witness many examples of why their voice is often the one needed to build relationships while seeing how larger school procedures can hinder learners. People in these roles ARE educators and thought leaders, the total sum of which can be the wave that interrupts thought processes and disconnections about how kids fit into the mix of injustice found at school.

In this session, you will be given the time and space to consider the foundations of racism, be courageous in conversation and speak your truth, and visualize actions you can take in your own practice to advance antiracism in your schools and communities. We will share the member-developed Anti-Racist Educator toolkit and use partner work, discussion, and self-reflection to grow what we know about anti-racist work. You will leave with practical knowledge and purposeful examples to bring back to your schools. An internet-accessible personal device or laptop is recommended.

2. Avoiding Burnout with Mindful Self-Care and Self-Compassion (Sessions III, IV)

Taraja Shephard Allen

During this session, we will explore the data behind the "burnout" of so many education professionals in the field. As a participant, you will take a self-assessment to understand your risk factors and warning signs for burnout, secondary trauma, and developing compassion fatigue. This will include looking at how small changes in daily routines and subtle shifts in the mindset can lead to improved job satisfaction and increased self-compassion. You will identify self-care strategies and best practices to minimize the physiological short and long-term effects of workplace stress and leave with an actionable plan based on your individual needs and goals for your overall well-being.

3. Becoming: Your Journey as a Leader (Session I)

Shondea Chapman, Kisha Davis-Caldwell, Martin Jenkins, Cory Wofford

Education support professionals bring unique skills and perspectives to the educational environment. ESPs who know who they are can improve their professional excellence, regardless of their career family, and enhance the capacity of their Associations. In unions and most organizational cultures, titles have value, but titles alone don't determine leadership. Leadership begins with choosing to see ourselves as leaders, valuing our worth, and committing to learn and practice a set of competencies

CONFERENCE WORKSHOPS (CONTINUED)

that allow us to show up and positively impact students, colleagues, communities, and the world.

Are you ready to embrace the leader you are already becoming? No matter where you are on your journey, this session will assist ESP members in rediscovering what is already there: the leader inside of you. You'll learn and experience a framework of leadership competencies that position you to take charge of your future and create a plan to help you achieve your personal and professional goals while making a difference.

In this session, you will:

- Learn how to connect more deeply to your core values and understand your purpose;
- Expand ideas and examine your beliefs of leadership;
- Use the NEA Leadership Competency Framework and Professional Growth Continuum (PGC) to gain a better understanding of the knowledge, skills, and abilities every education leader needs:
- Learn how to use your leadership to create a plan to advance your careers/professions and Associations.

4. Building a Restorative Culture Through the Eyes of Those Experiencing Racialized Oppression

(Session I)

Eboni Rucker, Iman Shabazz

In "Education for Critical Consciousness," Paulo Freire discusses his theory and pedagogy for using education as a framework for analysis of societal inequities based on the experience of people living under conditions of marginalization and oppression. This workshop draws from Freire's critical reflection, critical motivation, and critical action to outline the considerations for a restorative approach to addressing racial inequities that marginalize and oppress young people and communities.

Join us to discuss the complexity and function of racialized oppression within education settings, demonstrate self-awareness of personal characteristics as assets to building a restorative culture, use basic restorative practice tools, and understand how restorative practices can help foster healthy school communities and positive futures grounded in racial equity.

8. Clear, Concise, and Compelling Communication (TechRoom) (Sessions III, IV)

Kristina Cerise

We rely heavily on text-based communication to share information, and we've all sat through our share of uninspired presentations. This workshop covers it all. We'll start with the power of storytelling, reviewing how to use this as an effective tool in the modern workplace. We'll discuss why stories work better than other ways of delivering information, the ingredients required for a compelling story, and practical ways to incorporate storytelling in the work you do to advance new ideas and change behaviors.

Next, we'll talk about how to put the power back in PowerPoints. Are you a PowerPoint Sith or a PowerPoint Jedi? Are you using the power of this software for good (e.g., understanding, enlightenment, positive change) or evil (e.g., boredom, torture, confusion)? Step away from the Dark Side and join us to learn how to leverage this incredible tool to make the world a better place. Finally, we'll cover the nitty-gritty of polishing your communication, including tips for catching typos, making information clear, and avoiding missteps that make people resistant to your message.

21. Fort Campbell ESPs Leading the Way and Making History! (Sessions I, III)

Alesia Gladden, Windie Kehn

When the leadership team of the Fort Campbell Non-Certified Education Association (Federal Education Association affiliate) met during the summer to plan membership growth, engagement, and retention activities, they realized that the one thing that was missing from their employment experience was learning day also known as in-service. So, the leadership team of the Fort Campbell Non-Certified Education Association (FCNCEA), with the help of the Federal Education Association and the National Education Association, planned their own. FCNCEA made history when they organized ESP Learning Day 2022, and for attendees, that day will always be known as the first time they felt seen, appreciated, and understood by their union and their employer.

In this session, two FCNCEA leaders will share how this became possible and their learnings along the way. Through their story, you will learn about NEA resources and how to access them. You will also learn how to gather and use data to continue membership growth, engagement, and retention.

25. How ESPs Can Become More Involved in Their Local Association and School Community (Sessions

II, III)

Cynthia Gushee

There are many ways that ESPs can become involved in their local association, school, district, and community. Does your contract allow for ESPs to join committees that affect their jobs? Is there professional development that is geared toward ESPs and their career paths? During this session, we will discuss different ways that you can become involved and represent ESPs across your local and in their schools, even if you have limited time. Learn how to get involved in decision-making that affects ESPs locally, regionally, and at the state level.

This workshop will be an interactive space to share ideas and learn how ESPs stay active and engaged across the country. Please bring a copy of your contract and be ready to share language that pertains to ways that ESPs are being encouraged to have a voice in the decision-making. Also, feel free to bring any other tools and resources that you think would be beneficial for ESPs or upload them through a google drive folder that presenters will share ahead of time.

CONFERENCE WORKSHOPS (CONTINUED)

26. How to Create an ESP Bill of Rights (Sessions I, II)

Sean McKillop, Stacy Tayman, Samuel Walters

We all say ESPs are essential employees, but it's time to commit to lifting up all support staff by respecting our skills, job categories, and our vital contributions to the well-being of our students. No one is going to do it for us. It's up to us to come together to organize and advocate for our profession. It's time for an ESP Bill of Rights!

This training will review our Maryland ESP Bill of Rights Campaign including how we engaged our membership in identifying their most critical issues, how we organized to make this a priority for our locals and state association, and how we are translating this document into wins at the bargaining table, with our elected officials, and during our membership recruitment.

27. How to Get Support for Your ESP Mentoring Program (Session II)

Olive Giles, Laura Warren

How can you make sure you have support for your ESP mentoring program? Join us in this session that explores how to build support from your human resource department, district leadership, school board, and community. This session is for all ESP members and those in leadership positions who are considering developing an ESP mentoring program or currently coordinating a mentoring program. You will learn from existing programs across the nation how to build a foundation of support that will work for your local program. You will leave with multiple ways to gain needed support for creating or sustaining an existing ESP mentoring program.

We will also share information about NEA's new learning path course, "ESPs: Supporting Our Own Through Peer Mentoring," which is your first step in learning how to build an ESP mentoring program.

29. Investing in Paraeducators: A Journey to Develop, Empower, and Transform the Role of Paraeducators (Session II)

Latasha R. Nelson, Nancy Routson, Eric Underhill

Paraeducators play an essential role in our schools and classrooms and are critically important to student and school success. Learn from a team of school leaders and ESPs about how a Northern Virginia Middle School transformed the paraeducator's role. The school realized increased instructional quality, ESP self-efficacy, and workplace equity by investing in differentiated professional learning, leadership development, and workplace equity.

Join us to learn about our multi-year journey and how one school's commitment to paraeducator development transformed how a district invested in ESPs. Attendees will learn about specific action steps to launch this work within their local associations, schools, or divisions.

38. Prioritizing Self-Care for Effective Health and Safety Practices in Our Schools (Session III)

Sheila Caldwell, Cynthia Samuel

Are you feeling overwhelmed? Discouraged? Frustrated? If so, you are not alone. After living through a global crisis and its political and economic fallout, it is easy to get caught up in stress, dismay, and anxiety as we enter year four of the COVID-19 pandemic. Prioritizing self-care means taking care of yourself so that you can be healthy, you can be well, you can do your job, you can help and care for others, and you can do all the things you need to and want to accomplish within the school day.

In this session, we will come together to connect, learn, and grow with our colleagues across the country. It is an opportunity to build the connection we have all been missing and desperately need to feel encouraged, motivated, and appreciated. Together we will engage in mind-body skills to help connect more deeply with ourselves and others. This session is an excellent opportunity to develop self-awareness and other skills to cultivate your self-care journey through evidence-based practices that are easy to integrate into your school settings and personal life. Treat yourself to this deserving gift where you can focus on your own support and well-being and take the necessary steps to tend to your physical and emotional health needs to the best of your ability in order to live your best life.

39. Promoting School Safety and Crisis Preparedness in Times of Uncertainty (Sessions II, IV)

Crystal Foxx, Eunice Salcedo

As educators navigate the school environment and find ways to support students during crisis, school safety and crisis preparedness has become paramount. In this session, you will gain foundational knowledge of school safety and crisis prevention. You will learn valuable information on how to support the development of safe and secure learning environments for students, staff, and families. Specific attention will be given to developing, exercising, and evaluating school safety protocols and crisis awareness techniques that are useful in all school environments from the bus stop to the classroom. You will also work through school crisis examples and the roles that all educators play in prevention and awareness.

The session will include specific activities related to developing a crisis action plan, evaluating safety/crisis teams, and integrating school and community crisis response personnel. Facilitators will address issues associated with the media, social media, technology, students with special needs, trauma-sensitive response, culture, and memorials. This training reinforces improved school climate, student behavior and academic functioning, individual leadership advocacy, student resilience, and school staff crisis response capabilities.

48. Solving Educator Shortages by Making Public Education an Attractive and Competitive Career

Path (Session III)

Stacey Pelika, Dale Templeton

For years, public school educators have worked hard to meet their students' needs while dealing with low pay, challenging working conditions, and a lack of resources and professional respect. As a result, fewer people are choosing education as a profession than a decade ago. At the same time, more educators than ever are considering leaving the profession or have already done so. While these dynamics started before the pandemic, Covid-19 exacerbated these trends, leading to educator shortages across the country.

This workshop will explore this crisis and research-based, long-term solutions that are effective at recruiting and retaining educators and, most importantly, reflect the needs and priorities of educators themselves.

52. Supporting Students with Grief and Loss

(Sessions I, III)

David Schonfeld

Most school staff recognize the impact of grief and loss on children and want to provide support, but many worry that they don't know what to say or do to help. This session will describe the distinction between trauma and grief and provide practical advice on supporting grieving students. We will discuss a wide range of topics, including what not to say, considerations related to grief across different cultures, how to initiate conversations with grieving students, unique considerations for explaining death to young children or children with intellectual or neurodevelopmental disabilities, identifying and addressing guilt, managing grief triggers, and coping with cumulative loss.

ESPs have a critical role in helping grieving students and often find supporting grieving students to be gratifying. It can also contribute to compassion fatigue, especially when the adults are also grieving, a member of the school community dies, or when deaths are widespread, like during the COVID-19 pandemic. We will discuss approaches to decrease the risk of compassion fatigue and provide free resources for addressing these challenges and more from the Coalition to Support Grieving Students, of which NEA is a founding member.

About the NEA ESP of the Year Award

The NEA Education Support Professional (ESP) of the Year Award, presented by NEA and NEA Member Benefits, recognizes the contributions that ESPs make toward their schools, communities, professions, and student success.

Each year, a member who demonstrates outstanding accomplishments and whose achievements reflect the vital role ESPs play in public education is presented with this prestigious award. The NEA ESP of the Year serves as an ambassador for ESPs across the country, promoting the value of ESP members at local, state, and national events. While the award showcases one outstanding ESP each year, it also recognizes and honors the contributions that all ESPs make toward ensuring great public schools for every student. The NEA Representative Assembly approved the ESP of the Year Award in 1991.

For more information, please go to: nea.org/espoty

Congratulations to the ESPLI Class of 2023

Heartfelt congratulations to this amazing group of leaders! They started the program just before the pandemic and persevered over the last three years, never wavering from their commitment to their schools, communities, students, and leadership journey.

Cheryl Williams, Ohio

The NEA ESP Leadership Institute (ESPLI) is a powerful leadership development program that is grounded in diversity, equity, and cultural competence and offered exclusively to NEA ESP leaders across the country. The member-led program brings together the overarching NEA Leadership Competencies (Advocacy, Communication, Governance and Leadership, Leading Our Professions, and Organizing) to train NEA ESP members to be influential and effective leaders in their schools, unions, and communities.

The program started in 2007 as Leaders for Tomorrow (LFT) and was rebranded as ESPLI in 2019. To date over 200 members have graduated from the program.

Supporting ESP Professional Excellence

NEA is leading and strengthening efforts to elevate Education Support Professionals (ESPs) as respected professionals essential to the success of all students, educators, schools, and communities through relevant, Association-convened, ESP-led programs and supports.

Learn more at nea.org/esppd

the room where decisions are made. And we must provide educators with the professional supports they need to be culturally competent and active leaders in their communities."

 Andrea Beeman, 2020 NEA ESP of the Year, Special Education
 Paraeducator, Maple Heights, Ohio

diagram Any time you give people the opportunity to learn it gives them a voice. But when you give ESPs a voice and an opportunity to help other support staff know their value, then mentoring becomes invaluable.

 Judy Near, Health Technician (retired), Cañon City, Colorado

ESP Professional Growth Continuum (PGC)

Develop your professional knowledge and skills using the ESP PGC to positively impact your students, your worksites, and your communities. Grounded in eight universal standards of professionalism, the PGC provides ESPs with clear pathways for professional growth throughout their careers.

nea.org/pgc

ESP Learning Network Webinars

Join ESP colleagues from across the country in monthly professional development webinars on a wide variety of topics designed to support your professional growth. Missed a webinar? No problem! View past webinar recordings online.

nea.org/esppdwebinars

Professional Development Offerings in Spanish

The ESP Professional Growth Continuum and the ESP Learning Network include Spanish language options. Learn more at nea.org/pgc and nea.org/esppdwebinars

NEA ESP National Conference

Attend the largest national conference for ESPs to develop the skills and knowledge to support student and school success, strengthen your educator voice through the Association, and network with the largest community of ESPs.

nea.org/espconference

ESPs: Supporting Our Own Through Peer Mentoring

Design and build effective workplace ESP peer mentoring programs to support ESP professional excellence. Available formats include in-person events, blended learning, independent learning path course, and a manual to guide the program.

nea.org/espmentoring

Building Winning Teams: Effective Paraeducator-Teacher Teams

Develop strong paraeducator-teacher partnerships critical for student learning and success by engaging in this eight-session in-person professional learning opportunity. nea.org/bwt

WHY PROFESSIONAL DEVELOPMENT FOR ESPs?

Everyone who works in schools plays a critical role in supporting student success. Learning occurs throughout the school day, in the cafeteria, the hallways, school playgrounds, athletic fields, and school buses. ESPs create experiences and conditions for healthy, safe, supported, engaged, and challenged students.

ESP Leadership Institute (ESPLI)

Join the next generation of ESP leaders to develop leadership attitudes, skills, and knowledge that will enhance your ability to be visible, vocal advocates at the local, state, and national levels of the Association.

nea.org/espli

MAS a school nurse. I know the health of my students also includes their social and emotional well-being. As a school community, everyone has a critical role to play in ensuring that we meet the needs of the whole student. and the more we know, the better the outcomes for our students."

- Sheila Caldwell, BSN, RN, CSN-NJ, School Nurse, New Jersey

ESP of the Year Award Program

Learn about the annual awards program that recognizes ESPs for the contributions they make in their schools, communities, and the Association, and their role as leaders and advocates for ESPs across the country.

nea.org/espoty

Demonstrate your knowledge and skills and earn a micro-credential! A micro-credential is a short, competency-based recognition that ESPs can earn in a range of topics, from applying the ESP PGC standards to your role and responsibilities to working effectively in paraeducator-teacher teams.

nea.org/micro-credentials

Student and Educator Mental Health

Learn how to support the mental well-being of your school community through blended-learning courses, webinars, and resources on social emotional learning, grief, and trauma-informed education.
