

Ash Wilkins, Candidate for NEA Resolutions Committee

I am a current Instructional Assistant in a public school pursuing a Master of Arts in Teaching, English Education. Everyday in the classroom I support students and help bring their ideas to fruition. I am passionate about nurturing an inclusive classroom environment of students that can uphold their ideas inside and outside the classroom. I want to join the committee to support current members in their journey to propose amendments and new resolutions to the NEA. If elected, I vow to provide valuable feedback to the considered ideas while upholding the legacy of the NEA.
