

Fight Trump's Fascist Takeover

Vote EON/BAMN for NEA Executive Committee

Elect ☒
**MARK
AIRGOOD**

Elect ☒
**TANIA
KAPPNER**

- **Stop Donald Trump's attacks on public education and the NEA**
- **Defend immigrant rights and fight racism - Community action to stop ICE raids**
- **The NEA must call a National March on Washington against Trump's attacks on public education and democracy**

The NEA must recognize that our very existence is at stake and unequivocally oppose Trump's fascist takeover. Airgood and Kappner are committed to building a mass anti-fascist, pro-civil rights, pro-union movement that defies Trump's fascist attacks and demands his immediate ouster. The fight for immigrant rights is key. This movement is already growing across the country. We need to decisively put the NEA's tremendous resources behind it.

As delegates to the NEA, Airgood and Kappner will fight for the NEA to mobilize our national power in defense of the gains that have been won through struggles for public education, civil rights and immigrant rights, women's rights, LGBT+ rights, environmentalism and anti-imperialism. As one of the largest and most powerful unions in the country with members in every town and city, and a natural link to young people, the NEA is in a unique position to mobilize the movement against Trump. We need to call a Mass March on Washington against Trump's Fascist Takeover. We must be in the lead against this attack on democracy and turn to fascism. We need to call strikes and walkouts against attacks on public education and ICE raids in our schools and communities. **For a fighting leadership, vote Kappner and Airgood for NEA Executive Committee.**

An undemocratic election against democracy

In 2024, a layer of billionaires decided to adopt Trump and his authoritarian vision. Musk and his ilk now want to directly take over the reins of government. Their goal is to remove any significant threats of trade union struggle, gut once and for the entire system of public education, of environmental regulations, and revoke all of the concessions to mass struggle they were forced to grant since the establishment of the Social Security system. Our mass movement can defeat these attacks.

Hitler and Mussolini both came to power by democratic means. We cannot allow that to happen again. We cannot sit on the sidelines and wait for the Democratic Party politicians to grow a spine. The Democrats failed to defeat Trump in large part due to their own program of pursuing an American foreign policy that supports authoritarian governments; they supported the Israeli genocide against Palestinians. They have launched no effective opposition to Trump's massive domestic and international attacks. To defeat Trump we must rely on our own power and organizations. The NEA needs to lead the way.

Vote for leaders who will organize intransigently and fight to win! Vote Tania Kappner! Vote Mark Airgood!
