

THE BEAR

EVERY MEMBER COUNTS.

For NEA-AE Director | One Year Term

MENDOZA

::: COMMUNITY • ACCOUNTABILITY • COMMITMENT :::

1.

COMMUNITY - Aspiring educators deserve more than membership, they deserve a national network of solidarity and collective power. As NEA-AE Director I will work to strengthen state affiliates, campus chapters, and members because when we organize in community, we uplift one another and our profession.

2.

ACCOUNTABILITY - Representation does not end on election day. It is the responsibility of leadership to ensure that members remain visible, are included and informed about decision-making, and have the power to hold leadership accountable. As NEA-AE Director I will lead with transparency and share the decisions that shape the direction of our work.

3.

COMMITMENT - It is time we turn words into action, and promises into sustainable organizing movements. As NEA-AE Director I am committed to organizing intentionally, showing up consistently, and ensuring our movement grows beyond single-issue campaigns into sustained action.

Paid for by the Committee to Elect Gabriel Mendoza Jr. to NEA-AE Director, one year term.
