

NEA-Retired Communications Committee

PURPOSE

The NEA-Retired Communications Committee supports the growth and development of a communications network for local, state, and national Retired chapters/affiliates. All forms of media/communications, consistent with state and local association policies, may be explored to expand existing communications and better inform, educate, and engage our members.

GOALS

1. Advertise and make visible all Communication Award possibilities.
2. Choose annual Communication Award recipients and prepare the necessary information for the award presentations at the NEA-Retired Annual Meeting.
3. Continue to post examples of Retired association newsletters on MyNEA360.
4. Continue to revisit, revamp, and reorganize Communication Award categories.
5. Continue to streamline and to refine the online Communication Award application process.

Antoinette Smith, Chair, GA
